Excellent quality, book is professionally done

03 October 2013

This was the first book I have done, the site is so easy to use, I have now been able to share information and photos with other members of the family preserving treasured memories, the delivery of the books was quicker than I thought it would be and they were well packed, I was so pleased when I unpacked the books and saw them in print for the first time, I am not really sure what I was expecting, but wow, they are fantastic, the quality is excellent, the photos are clear, even photos that were very old have come out clear.

Would I use the site again and recommend it to others ? Definitely

A new book size!
