Review by confirmed purchaser

Amazing product!

i was honestly nervous about trying to create a book using a web-based layout tool. It did take some getting used to, but after a few pages I found myself able to judge fit and format and the rest of the book design went smoothly. The value for cost, particularly as a unique gift for my wife, was amazing. All told, this is an excellent way to create something truly unique.

Greetings!

/Hampus & Tobias Schildfat, brothers and founders
