Christmas gift was a winner

The book came in exactly as promised. I wrote a number of poems for my wife and I wanted to give the book as a Christmas gift. She absolutely loved the book! So, if you want something that looks professional and can be kept for a long period of time use this company.

So great!

This was great! The templates were easy to use and it shipped very fast. It got here a few days before it said it was going to. It was very good quality when it arrived. My mother loved it when I gave it to her for Christmas.10/10 would use Solentro again

Absolutely nothing short of amazing

Absolutely nothing short of amazing! My Gram wrote her life story before she passed away at 99 years young. Just typing and stapling pages together didn't seem right. I finally found your site through a google search and read lots of reviews about the business. I decided to give it a try and I ended up getting 10 books printed and they are better than I ever could have imagined. My Gram would have loved the way they turned out. Thank you for the great work that you do to make these books so beautiful.

If you have any questions when creating your own book or photo book feel free to contact us. All messages will be handled in order.
