### Having used Apple previously for my...

Having used Apple previously for my photo books I was apprehensive about trying a new company (as Apple no longer do these books). I have been delighted though with the ease of use of the Solentro site, the speed of delivery and the quality of my albums. Plus I had a slight hiccup with one book and it was dealt with immediately - in my experience that tells you a lot about a company. I have no hesitation in recommending Solentro and I'll use them again.

If you have any questions when creating your own book or photo book feel free to contact us. All messages will be handled in order.
